

Caraday Team Appreciation

Celebrating the team members who make it happen

Our vision, in everything we do, is to convey a shared value of compassion, a commitment to excellence, open communications, motivation to be the best, and a sense of personal integrity.

We are honored to care for our residents and share a passion to make their days enriching and fulfilling. It's **The Caraday Way!**

The Admissions Coordinator may be the first person a resident meets – the person who coordinates their admissions to Caraday.

The Administrator oversees operations throughout the community and is available to address any concerns residents or families may have.

The Director of Nursing is responsible for overseeing clinical operations and all nursing services throughout the community and is a resource for any concerns related to care.

The Assistant Director of Nursing supervises the nursing team including charge nurses and nursing aides.

The Chief Medical Officer is a distinction for Caraday as one of the only long-term post-acute care systems led by a Chief Medical Officer who is a nationally recognized geriatrician.

An Attending Physician directs resident care and works with the entire care team.

A Nurse Practitioner works with the attending physician on residents' care plans.

Charge Nurses give direction and supervision to nursing assistants and address resident health care needs. The charge nurse has the most contact with the attending physician and can best answer questions about day-to-day medical care.

Director of Rehabilitation/Therapy Staff helps achieve therapy goals for residents. In-house therapy includes physical, occupational, and speech therapy.

Respiratory Therapists and Staff work with residents to providing extraordinary care for pulmonary residents with tracheotomy and on-site ventilator care.

Certified Medication Aides assist nurses in providing medications to residents.

Nursing Assistants (CNAs) have the important job of providing any assistance residents may need throughout the day and night.

Life Enrichment/Activities Staff meet with each resident shortly after admission to help select programs and activities that will make their stay more enjoyable and fulfilling.

Social Services Director/Social Workers are responsible for discharge planning and referrals to community resources and other specialists.

Cooks, Dietitians, Dietary Aides, and Food Services Supervisors help plan an appropriate diet in accordance with doctors' instructions and discuss resident food likes and dislikes.

Facilities, Maintenance, Housekeeping, and Laundry team members are committed to making sure residents are taken care of just like home.

Leadership is responsible for the management of Caraday, overseeing a range of business functions such as administrative support, human resources, finance, reimbursement, revenue cycle, marketing, sales, and information technology.
