

# Adam Mitchell, BS, LNFA, CPHQ

## Administrator, Hearthstone Nursing and Rehabilitation

Unlike traditional nursing homes, Hearthstone Nursing & Rehabilitation specializes in caring for high acuity short-term patients and providing compassionate long-term care. Patients who have recently been hospitalized, undergone surgery, received hip or knee replacement surgeries, or have a chronic illness will find an ideal community with comprehensive care and support services delivered by professional caregivers and therapy teams.

Adam has more than 15 years of experience as an Administrator, and prior to that, he spent 15 years in consumer behavior and advertising. He relies on that experience to understand residents' unique needs, and how to best meet those needs. He is motivated to support individual respect and dignity for residents every day.

In addition to his experience, Adam has a Bachelor's degree in Organizational Leadership and additional Master's-level training in Gerontology.

Outside of work, he enjoys landscape design and native gardening, as well as cooking and baking. And since he escaped California, he is working on making himself a true Texan!
