

Adriana Wages-Beavers, LNFA, MS

Administrator, Hearthstone Nursing and Rehabilitation

Unlike traditional nursing homes, Hearthstone Nursing & Rehabilitation specializes in caring for high-acuity, short-term patients while also providing compassionate long-term care. Patients who have recently been hospitalized, undergone surgery, received hip or knee replacement surgeries, or have a chronic illness will find an ideal community with comprehensive care and support services delivered by professional caregivers and therapy teams.

Adriana Wages-Beavers, LNFA is an experienced long-term care administrator, bringing a strong commitment to resident-centered care, operational excellence, and team leadership. Inspired by her parents, both registered nurses, Adriana developed an early appreciation for the impact of quality healthcare and has built her career around delivering meaningful outcomes for residents and families.

She is known for fostering a supportive, empowered team environment while maintaining a clear focus on quality, accountability, and day-to-day operations.

Outside of work, Adriana enjoys spending time with her husband and two children, often outdoors or making memories at home. She also has a passion for DIY projects and is currently renovating a home—an extension of her hands-on, solutions-oriented mindset.
