- Kitchen facilities for resident use
- Basic cable services
- Utilities are included
- Wireless internet access
- Pet friendly
- Outdoor patios and gardens

## **LIVING IT UP**

Engaged living, beautiful surroundings, and a deep sense of community – all with the compassionate care that is a hallmark of the Caraday Way. Whether you enjoy the freedom of personal independence or the comfort of being catered to, Caraday of Corpus Christi Assisted Living is tailored to meet your personal needs and preferences.

Residents live their best lives engaging in new activities, continuing with lifelong hobbies, or joining special outings in the greater community.

Caraday of Corpus Christi Assisted Living offers a wide range of options and services for seniors who want to enjoy a carefree lifestyle, providing everything you expect and more.

## PERSONALIZED CARE AND CONVENIENT SERVICES

Embracing a proactive and holistic approach to health and wellness, the Caraday team of professional care givers work with each resident to customize a detailed plan that fulfills medical, physical, and social goals.

An important value-added service for residents requiring rehabilitation therapy is an in-house skilled team providing therapy in the community. Rather than having to leave the campus or use outside services, the in-house therapy team supports each resident's healing journey with consistent, personalized, and convenient care.

The rehab center is equipped for physical, occupational, speech, and wellness therapy - just a walk away from your suite.

## **THE BEST OF HOME AND MORE**

Studio apartments are available, allowing residents to create a new sense of home with their personal mementos and furnishings. Worry-free living includes utilities, basic cable, internet access, and more. To enjoy a carefree lifestyle, onsite housekeeping and laundry services are available.

Menu-style dining with a touch of traditional home cooking is served three times a day in the private dining room. In addition to provisions for special diets and needs, residents have access to kitchen facilities for midday snacks or to try a new recipe.
