PERSONAL CARE

Feeling good also means taking care of personal needs. Guest services range from housekeeping and laundry to personal care such as bathing, grooming, and dressing assistance.

A team of healthcare professionals share an unwavering commitment to deliver a high level of personalized care and services when you need them. Specialized medical care is elevated as Caraday is one of the only long-term, post-acute care systems led by a Chief Medical Officer who is a nationally recognized geriatrician.

Most major insurance plans are accepted by Caraday, including Medicare, Medicaid, and pending Medicaid. Assistance is available at each community to ease the transition and help navigate financing care.

ASSISTED LIVING

SHORT-TERM REHABILITATION

Following a hospital stay, our team of highly experienced and trained skilled care specialists deliver the highest level of skilled care, ensuring that patients recover to the fullest extent possible. With a dedicated in-house team, physical, occupational, and speech therapy is individualized to each person's recovery plan.

Caraday's skilled nursing and rehabilitation services deliver results. From the moment individuals enter a community, a care plan is developed and closely followed to meet personal goals and ensure an optimal outcome, not a return to the hospital. Personalized plans are developed in close collaboration between physicians, the Caraday care team, residents, and their families.

LONG-TERM CARE

A sense of community is a hallmark of Caraday. Home-like communities meet resident needs with compassion, dignity, and respect. Every resident becomes part of the Caraday family, with activities and events that nurture body, mind, and spirit.

Residents have the security of continuous care – 24-hours, 7-days-a-week – and families are assured open and accessible communication.
