

Stonebridge Health Rehab

by Caraday Healthcare

My mother has been a resident for three years and she is cared for by an attentive staff. They have daily events such as fitness, bingo, and trivia. My mom is treated like family and that's what matters most.

Residents thrive in the loving, safe, and secure environment with an array of amenities and engaging programs.

Located in the serene setting in Austin's Hill Country, Stonebridge Health Rehab blends a homelike environment with an exemplary spectrum of skilled nursing services. Our highly experienced rehabilitation team has earned the trust of the community by delivering therapeutic rehabilitation and restorative services. Residents appreciate being able to recover in their own private rooms.

Sensitive to the impact memory loss has on every person and their support system, Stonebridge therapists work diligently with physicians to provide a plan of care for each resident. The focus is on the individual, creating an environment that fosters independence and restores the self-esteem and dignity they have earned throughout their lives.
