

Trinity Care Center
by Caraday Healthcare

Every single person is kind and accommodating. The leadership team is very caring and concerned about everyone here, patients and staff alike. I personally need medical care as well as both physical and occupational therapy and they have a wonderful team here taking care of all of my needs. I am happy that I chose to come here!

Residents thrive in the loving, safe, and secure environment with an array of amenities and engaging programs.

In the heart of Round Rock, Trinity Care Center is located on a beautifully landscaped historic property. The advanced community provides short-term rehabilitation for patients who need to recover after hospitalization, as well as long-term care for those who need the additional support. A team of medical experts collaborate with residents, families, and their care teams on individualized plans to restore the highest functional level possible.

Trinity's expanding Memory Care focuses on the individual, creating an environment that fosters independence and restores the self-esteem and dignity they have earned throughout their lives. Sensitive to the impact memory loss has on every person and their support system, Trinity memory care nurses and therapists work diligently with physicians to provide a plan of care for each resident.
