

Wurzbach Nursing & Rehabilitation

by Caraday Healthcare

My mom has been a resident at Wurzbach for two years and is cared for by a very attentive and caring staff. I feel like my mom is treated like family. They even braid her hair. What matters most is that my mom is happy!

Residents thrive in the loving, safe, and secure environment with an array of amenities and engaging programs.

Along a major medical corridor that includes six hospitals, Wurzbach Nursing & Rehabilitation serves San Antonio with highly skilled and personalized care. Whether recovering from a hospitalization or needing specialized long-term care, a team of healthcare experts and professionals will develop an individualized care plan that guides you to the highest level of function.

Wurzbach is noted for its comprehensive memory care program led by a team trained in cognitive impairments. Living in a secure and safe environment, residents gain a sense of independence and function with dignity.

Throughout the journey, our team of professionals helps residents and their families with emotional and spiritual needs through ongoing communications and support. We feature daily activity programs and encourage all residents to participate at their own pace.
