

**IT'S A NEW DAY  
WITH CARADAY.**

*Under new ownership and leadership, Texas-based Caraday skilled nursing centers are advancing integrated and coordinated care that delivers superior outcomes, experience, and value. Patients can expect highly skilled and compassionate care along the entire long-term and post-acute care continuum.*

---

## **CARADAY CARES – IN SO MANY WAYS.**

Whether it's short-term rehabilitation after a hospitalization or the health journey is long-term requiring skilled nursing care, the focus is on restoring health so patients can live their best lives.

Each patient works with a team of healthcare experts and professionals, including the medical director and other physicians, to develop a personalized plan of treatment to get back to the highest level of function. Together with their families and other advocates for their care, patients outline their goals and desires in individualized care plans.

The journey starts with physical care, but emotional and spiritual needs are also important considerations for a holistic quality of life. Patients are guided and encouraged every step of the way.

Person-centered care is the hallmark of a Caraday community so patients can focus solely on recovering in a warm, homelike setting.

### **COMPASSIONATE, PROFESSIONAL CARE**

With 21 locations throughout Texas, Caraday communities provide a full range of rehabilitation and skilled care services. Caraday is one of the only long-term post-acute care systems led by a Chief Medical Officer who is a nationally recognized geriatrician. Memory care and advanced pulmonary and ventilator care are available at select communities as well.
